Gym Shoes: These will be kept at school and used only for gym class. If your child cannot tie their shoes independently, we strongly recommend you supply them with Velcro closure shoes. Please make sure that your child's shoelaces are flat, not nylon coated and the appropriate length. Too long or too short makes it very difficult for your child to tie the shoe independently. Also there are some athletic shoes with felt on the bottom. These are very slippery on the gym floor and caused a lot of unnecessary falls last year. Please stay away from these types of shoes. Thank you for your cooperation in this matter.
