

*Note: Not every possible scenario is captured by this flowchart. Questions from families and staff should be directed to Brooke Trettin at 715-682-7089 x1035.

STUDENT OR STAFF WITH SYMPTOMS

Students/Staff must stay home if experiencing any of the following symptoms:
Fever, cough, shortness of breath, difficulty breathing, new loss of smell or taste.

OR at least two of the following symptoms: Chills, muscle or body aches, headache, sore throat, fatigue, congestion or runny nose, nausea or vomiting, diarrhea.

Please Note: Students/Staff with household members who are experiencing COVID-19 related symptoms should also remain home, check in with their primary care provider (PCP) and follow any directives from public health officials or their PCP.

STUDENT OR STAFF WITH SUSPECTED OR KNOWN EXPOSURE

Please Note: Students/Staff with household members who have suspected or known exposures are not required to quarantine and may resume normal activities provided that the exposed individual remains asymptomatic. If exposed household member starts to experience symptoms, then please follow this protocol and follow all instructions for testing/quarantine/isolation.
