

# SCHOOL DISTRICT OF ASHLAND

— EXCELLENCE IN EDUCATION —

CHRIS PATRITTO, *Interim Superintendent*  
BONNIE L. STEGMANN, *Business Manager*

KATIE R. MATTHIAS, *Director of Student Learning*  
DANIELLE E. MIKULA, *Director of Student Services*

December 3, 2021

Dear Oredocker Families,

We are happy to announce that another COVID-19 testing option is now available for School District of Ashland students and their immediate family members. The WI Department of Health Services has provided our school district with a COVID Clinic. This opportunity offers rapid antigen and PCR tests for our families and staff. To register for a test, please click [here](#). You need to register using this link every time you or an immediate family member would like a Covid-19 test.

The Covid Clinic is located near the District Office behind the high school and is open Monday-Friday from 7:30-4:00. The student must be with the family member when they come for testing for them to take advantage of the COVID Clinic. When you arrive for the first time, you will need to fill out the consent form. This form will be good for the entire 2021-2022 school year.

If you are tested for COVID-19 at this testing site, the COVID Clinic staff members will inform you of your results via phone or email. You will be notified of your rapid test results within 25 minutes and the PCR test results may take up to three days. All positive results will immediately be sent to our District Nurse. After being notified of positive results, she will contact you to discuss your positive test results and review the COVID-19 protocols as well as answer any questions you may have.

Thank you and take care,

Chris Patritto  
Interim Superintendent
